6. **A Correction**

At the annual meeting at S.I.U. John J. McDermott, when addressing the members, inadvertently left out the name of one of our founders, John Anton. John Anton not only was one of the original founding members of the Society but he also served on the first executive circle which ran the Society. John continues to be a most active member and we regret the error.

7. **Dues**

If you have not as yet paid your 1983 dues why not send a check today?
