NOTES AND NEWS

A PRIZE of \$500 has been offered by Thomas A. Edison, Inc., for the most meritorious research on the effects of music submitted to the American Psychological Association before June 1, 1921. Manuscripts may be sent any time up to May 31, 1921, to Professor W. V. Bingham, Carnegie Institute of Technology, Pittsburgh, Pa., who will transmit them without the names of the authors to the members of the Committee of Award, to be designated by the American Psychological Association. The following topics are suggested as suitable, but the choice of subject is not limited to this list. The committee will welcome any research bearing directly on the nature of music and its effect on listeners.
