ANNOUNCEMENT

The Editors regret to announce that rising costs have forced us to raise our subscription rates and to add a charge for postage outside the United States. We recognize the special difficulties faced in these inflationary times by students, the retired, and the unemployed, and have established a reduced rate for them. For subscriptions that begin with the January 1982 issue or later, the annual price will be \$16.00 for individuals; \$25.00 for institutions; \$9.00 for students, the retired, and the unemployed. Subscribers outside the United States should add \$3.00 postage. Beginning on January 1, 1982, single copies will cost \$5.00; there will be an additional charge of \$1.00 per copy to cover postage outside the United States.

We will continue to monitor costs in the hope that at some time we may be able to lower our rates, as we have done in the past.
